Mon.-Fri. 10-17, Sat.-Sun. 10-15

Tel. (03) 253 2333

RENTING A TABLE

- We charge 37 € per a period of six days for renting a table
- The rental fee is paid when you reserve a table or at the latest when you bring your items for sale. Cancellations need to be made at the latest three days before the rental period begins, if not we have to charge you the whole rental fee.
- If you reserve several consecutive rental periods, a new rental period has to be cancelled at the latest six days before it is due to begin.
- When your rental period is over, the table must be empty an hour before Bonus Kirppis closes. Please note: You must empty the table after your rental period!
- If the table is not empty after your rental period, we charge you a fee of 10€. This fee is deducted from your sales proceeds.
- We store uncollected items and sales proceeds for one week. After this the uncollected items and the sales proceeds become the property of Bonus Kirppis.
- You can collect your sales proceeds by showing either the receipt for the rental period or your identification.
- The price tags, the balance and the sales proceeds are in a six-day period.

BONUS

- You'll receive bonus of the amount you have collected with your sales. For example, if your sales are 100 €, you get a 1 euro discount the next time you rent a table. If your sales are 100-200 € bonus is 2 € and from sales over 200 € bonus is 2,50 €.
- So, the bonus will be given as a discount for you the next time you rent a table.
- The bonuses from several rental periods can't be combined. Bonuses are not given if you sell your items at discounted prices.
- You'll get a receipt for the bonus from your last rental period, and you can use the bonus later.
- Bonuses are not given for tables where items are sold at campaign or discounted prices, and you can't use the discount coupons for these tables.

TIPS

- You can remove or put together the middle level of the table (you can combine two table tops).
- We provide you with hangers.
- There has to be a separate price tag on every item. On every price tag you must clearly mark the number of the table, the price of the item and a short description of the item (with the short descriptions we minimize the chance to change price tags).
- The material of the price tags has to be paper, and they must be easily removed, so please don't use for example masking tape as price tags.
- If you want to lower the price of an item, you can buy discount stickers from the cashier or you can attach a 50% off sign to your table. We don't accept messy price tags, so items with messy price tags can't be sold.
- If the item you're selling is faulty, make sure the fault is mentioned on the price tag.
- The items you're selling must fit onto the table, only shoes can be placed on the floor.
- If there are items from other tables on your table, please take them back to the right table.
- If you wish, you can rent anti-theft alarms, from 0,2 to 0,5€. More valuable small items (min price 10€ per item), on which you can't attach an anti-theft alarm, can be placed in our locked glass cabinet. We charge 10% per sold item.
- It's forbidden to bring pirate items, dangerous items, steel arms or adult entertainment for sale and food items without permission for sale from Bonus Kirppis.
- Bonus Kirppis is not responsible for stolen, faulty or damaged items. If any of your item is damaged during your rental period, Bonus Kirppis will try to charge the customer who damaged the item the full price of the item.
